Hi there!

I came across your portfolio and I'm really impressed with your work, especially the e-commerce project you showcased. I'm currently working on a web design project for a local business and I think your skills would be a perfect fit.

Would you be interested in discussing this opportunity? I'd love to set up a call to go over the project details and see if we can work together.

Looking forward to hearing from you!

Best regards,
Sarah Johnson
